Ending Hunger by 2030: The Highest Leverage Role for The Hunger Project

Strategic Direction 2016-2021

Adopted by Global Board

The Highest Leverage Role for The Hunger Project

Build the large-scale partnerships and alliances to empower gender-focused community-led rural development everywhere it is needed.

Goal 1: Deeper Impact

Deepen our impact in the communities where we work, forging partnerships wherever possible to leverage our resources, and empower communities to sustainably end hunger while addressing the new challenges of the SDG era.

#	Objective
1.1	Ensure communities where we work are empowered to successfully complete their program of action.
1.2	Continue to discover ways to have our programs at the cutting-edge of gender equality
1.3	Develop implementation partnerships that leverage our resources in communities where we work.
1.4	Discover ways to strengthen our programs to more deeply engage youth, adapt to climate change, and build inclusive, vibrant rural economies.
1.5	Empower communities and staff to improve program interventions through timely participatory monitoring, evaluation, and learning.

Goal 2: Making It Mainstream

Re-establish gender-focused community-led development as a high-profile, mainstream, cross-cutting theme in development.

#	Objective
2.1	Document and share the empowerment and capacity-building methodologies of The Hunger Project to foster gender-focused community-led development
2.2	Build policy advocacy alliances for gender-focused community-led development.
2.3	Identify and achieve policy changes that promote gender-focused community-led development.
2.4	Carry out effective advocacy campaigns to have donors establish clear funding windows for gender-focused community-led development.

Goal 3: Scale-up

Take gender-focused community-led development to a scale - beyond incremental progress - that truly transforms society.

#	Objective
3.1	Build implementation alliances with the capacity to take gender-focused community-led development to national scale.
3.2	Have our holistic, gender-focused community-led methodology implemented in new areas.
3.3	Establish formal partnerships with relevant line ministries and the local government system for gender-focused community-led development.
